

May 29, 2020 Web Notice

Dear fellow travelers

This is the sign this week and we truly need this message as the news has been very grim. We have now lost over 100,000 people in this country and that is difficult to comprehend, but our faith keeps us going. We are experiencing lock down fatigue, but our faith in God keeps us going.

As more businesses open, we are asked when we will be opening, and I have no answer. The deacons and trustees will meet on June 11 and we will again look at where we are and what we need to do. There are no easy answers on how we will keep people safe other than not opening.
